Mr Trevor Boevink
Suite 164, 121 Brunswick Street
FORTITUDE VALLEY QLD 4006

Dear Mr Boevink

Thank you for your telephone call to my office and email, both of 20 May 2008 requesting recycle bins for commercial premises at 199 Grey Street, South Brisbane.

May I commend you for taking such an active interest in recycling. I was also pleased to hear that the tenants at 199 Grey Street have taken such a proactive approach to waste management. As you may be aware, Council actively encourages recycling as a means of reducing the amount of waste that goes to landfill.

As I understand you have been advised, Council currently provides recycling services to all residential properties, however, does not supply recycling services to commercial sites at this time. I am pleased to advise that Council is currently considering providing a recycling service for commercial properties and will advise rate payers as soon as this becomes available.

As I understand you are aware, recycling services can be obtained through a private company at reasonably competitive rates. Council workplaces also source recycling services in buildings from private companies.

Should you have any further concerns about your waste and recycling collections in future, I would encourage you to contact the Contract Liaison Team on 3027 5561.

Thank you for writing to me about this matter.

Yours sincerely

Campbell Newman
LORD MAYOR
