To Whom It May Concern

The Zone Oxley and the Zone Underwood are busy open air retail showroom centres, anchored by WOW Site and Sound.

Clean Space Australia Pty Ltd have been contracted to undertake the common area cleaning at the above centres for over 6 months now. During this time, Clean Space has maintained these properties to a very high standard of cleanliness.

We have always found Clean Space to be a very professional, honest, reliable and hard working company.

Without the benefit of on site management, we do rely heavily on our cleaners and as such, have found them to be highly supportive and communicative in advising on building and general issues that require our attention.

We would not hesitate in recommending their cleaning services to others.

Yours Faithfully
